# I WILL REMEMBER YOU...

Good Evening to all, I would like to welcome you to the John Glenn Dance Team's 8th recital. This semester, we have put together the biggest show we have ever had! With so many girls and so many dances this year, we have worked exceptionally hard to create a magnificent show for you.

Again, this semester, we chose music that we liked. With so many different styles of the girls (and myself) we have something for everyone. From Lady GaGa to Slipknot, and Michael Jackson to Rhianna, all performances have a very unique sense of style. There will be something for everyone tonight!

This show will be especially hard for me, I am losing one of my long term dancers, Petra Radman. Petra has been my Captain for 2 1/2 years now and it is with bitter sweet emotion that I say good bye and wish her the best in her college years. That is why I decided to call this show "I Will Remember You", as I will always remember what an incredible young woman she is. The girls are very excited for tonight. So many weeks of hard work, pulled muscles and aching joints (oh wait, that's me), have been put in to this show.

I hope you enjoy watching their beautiful craft as much as they will enjoy performing for you!

Warmest Regards,  
Carey Christian – Coach

*This show is dedicated to my Petra.*

## ~ IN CLOSING ~

*From Our Captains,*

I'm really going to miss this team next year! It's been a blast dancing with all of you. You've worked really hard this semester. Keep up the good work! I can't believe that it's been three years already. I've made a lot of great friends, and I will be visiting you girls next year. Thanks for making dance even more fun!

*Love Petra*

All of the girls put a lot of time and effort into making sure they look great. We had a lot more dancers on the team than usual, and we still pulled off a great recital. This dance teaming is pretty exciting. I'm pretty sure the best part about the team is when we all stuffed our faces with Carey's chocolate chip cookies. Anyway..... this team is fun and I got to choreograph quite a bit. Great job girls!

*LOVE YOU LOTS CARE BEAR. haha and we are going to miss you so much Petra.*

*Love Anna*

*Dear Team,*

I am so proud of every one of you. It's such an amazing pleasure to see how all of you have improved over this season. You have all worked so hard and you will be very pleased to see all of that hard work pay off. I've truly enjoyed all of the fun and laughs we I've had with all of you this season. I hope you all have fun tonight and break a leg.

*Love always, Maria*

## MY SPECIAL THANK YOU'S.....

Wow, what an amazing show. This year we have put together the largest show we have ever done here at John Glenn. This semester was incredibly challenging, but rewarding at the same time. I have seen so many dancers that have been on the team for awhile really excel in ways I never expected. I am so proud of all of my dancers, new and old. You have all really risen to the tremendous challenge I have set for you this semester and I hope you have the best time ever.

I always have to start with thanking my Assistant Coach, Ashley Hudy. When we had so many girls audition this year. When I saw all the talented girls, I wanted everyone to be able to dance. I could never possibly do all the choreography for so many dancers, but Ashley stepped up as always and created so many beautiful numbers you will see tonight. Thank You for volunteering your time and amazing style to our team. We wouldn't be the same without you.

To my family, my incredible children Connor, Riley and Ella Bean. You are my life and I appreciate all the love and patience you have. Thank You for sharing me with my Dance Team and for the all the shoulder rubs you give Mommy when she gets home (Connor). You are truly my inspiration in life and I love you all to pieces! To my mother, Loretta, for bailing me out and making the costumes that didn't come in. I guess you are never too old to need your Mommy, as I need you so much. Your constant support and help with everything in my life is invaluable to me and I hope one day I can be half the Mother you are. My outrageously talented brother Jeffery, you always impress the heck out of me. I don't know what I would do if you weren't there creating all the amazing designs you have over the past several years. You apparently got all the creative genes in the family, considering I have none. My sister Alicia, for always organizing my life at the last minute before the show and helping me with all the administrative details that I always procrastinate to the last minute. It is a good thing you talk as fast as I do. Anyone else wouldn't understand a word I say when I call in my frantic, last minute, state of mind.

My best friend Sheri Grove, who continues to support our program with all her heart. I don't know what I would do without you still holding my hand through every show. Thank You for your continuing love and support for me in everything I do. Our friendship is so precious to me, I don't know how I would make it through without you. You truly know the meaning of "unconditional friendship".

To my Petra, I don't know how I am going to make it through this show. I am going to miss you so much. It is with a heavy heart that I say good bye and wish you the best at Michigan State. They are so lucky to have such an amazing, remarkable woman grace their campus. I don't know what I am going to about ballet in the future now that I am losing my ballerina. I have truly enjoyed the last three years together and I hope you stay in touch with all of us. Anna, what can I say, but you have proved me wrong. This will be the only time I say that, so don't get used to it. In the past, I was so frustrated because I saw all the unique talent you had, but you never fully let it out. But this year, you have, and you even surprised me. You saved me this year with all your choreography help and came to dance with new and hysterical combinations. Thanks for making this year truly fun. And even though you will never admit it, you truly are a beautiful dancer.

Maria, you have always been such a graceful and flawless dancer. I appreciate your sense of style and creativity you put in to every show. Even though you tried to do a "ghetto" hip hop this year, I am glad you kept the "good girl" hip hop. Your style is so beautiful, I never want you to loose or change it in any way.

My John Glenn Dancers, this will be a tremendous night for you. You will perform in the biggest show we have ever produced. Please remember to always have fun and make this experience the best you have ever had. You are all such talented young women, trust in that and the dances will just flow. I hope you all know that I think the world of you and my "aggressiveness" is intended to bring out the artist in all of you. Enjoy every moment, every triumph, and every accomplishment you have earned this semester. And as always, it has been my pleasure, and I am truly honored to be your coach.

Sincerely,  
Carey

*Carey,*

Without you this program and team would not be as wonderful as it is today! Your determination and persistence for the girls to look amazing come time for recital, is reflected in your dancers. It shows that you truly care about your team and want to make this an amazing experience for everyone.

It's been so great working with you; and I thank you for being inspirational, supportive, encouraging, wise and just for being you.

*To my dance girls,*

What a great dance season we had this semester. I always love working with you girls, all of you are such a joy to be around! With whatever dance moves or routines I throw at you guys, you girls never cease to amaze me. I know I couldn't be there for you girls as much as I thought I could, due to my busy work schedule, but you girls rocked it and every dance looks great!

You all have such a passion for dance and that shines through everything you do. All your hard work will pay off in a terrific show, it's your time to shine! Keep on smiling, you girls light up the stage, and you will always be stars in my eyes! Good Luck & Break a leg

Remember to follow your dreams and dance your heart out.

Love,

*Ashley Hudy*
